

# The Number One Killer in General Aviation (and How to Prevent It from Happening to You!)

CFI/II Carroll Joye will begin the seminar with an informal general safety presentation tailored for local Summerville/Orangeburg/North Charleston area pilots.

CDR Barry Hull, USNR (Retired) will discuss the structure of judgment and decision-making. Be prepared to examine judgment in a way that you may never have considered, and that could revise how you go about the business of making inflight decisions and choices.

**Directions:** Drive in: Summerville Airport is located 5 miles northwest of town. Exit Hwy 78 at County Rd S-18-58. Proceed west 500 ft. and turn right at first opportunity - County Rd S-18-493 (aka Grayback Rd.) Follow northwest 3 miles to the airport. Please see Map Link below

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
